

A Student's heart and mind

Written by: PurpleFreak02

*Can't stop the projects,
They cannot object,
Doing the homeworks,
Knowing how it works,*

*Investigating the molds,
Doesn't matter how it old,
Some toddler learned how to walk,
Doesn't even bother to talk,*

*Learned to play,
In every way,
Knowing each theory,*

Wake up in morning,

What can we do?

We cannot object,

Yet, we project,

We have to know the sizes of a line,

Now you know a student's heart and mind.
